1. There was no flying at the Zerbst (N 52/D 20) airfield between 9 a.m. and 1 p.m. on 2 September 1950. Ten jet fighters were parked near the repair hangar. * Four AA guns of 50 to 70 mm caliber were still emplaced west of the field. **
2. Individual flights with jet fighters were made between 8 and 11 a.m. from 4 to 7 September 1950.
3. Four jet fighters took off individually at 7 a.m. on 8 September 1950, making local flights.

- * Comment. The aircraft that were observed probably do not represent the total strength of jet planes at the Zerbst airfield. It is known that two fighter regiments are stationed there. Jet planes in Zerbst which are not used for flights are parked in the hangars.

- ** Comment. The AA gun emplacement was previously reported. [REDACTED]
